Cut (8) Purple 2 ½" squares from one of the 2 ½" strips.

Cut (32) Purple 2 ½" X 4" rectangles from the purple strips.

You will need to make (8) 8" blocks as directed by the large pineapple ruler instructions. Use the color sequence shown in the picture above.

Sew the blocks together using a ¼" seam allowance in a 2 block wide by 4 block long sequence as shown in the picture.

We use a double layer on fusible fleece (987F) in our runners. We like to fuse a layer to the back of the runner top and another to the backing. Sandwich with the 2 layers of fusible in the inside, quilt and bind as desired.
